## Carley Uden

---

Many years of research conducted by The Gallup Organization suggest that the most effective people are those who understand their strengths and behaviors. These people are best able to develop strategies to meet and exceed the demands of their daily lives, their careers, and their families.

A review of the knowledge and skills you have acquired can provide a basic sense of your abilities, but an awareness and understanding of your natural talents will provide true insight into the core reasons behind your consistent successes.

Your Signature Themes report presents your five most dominant themes of talent, in the rank order revealed by your responses to StrengthsFinder. Of the 34 themes measured, these are your "top five."

Your Signature Themes are very important in maximizing the talents that lead to your successes. By focusing on your Signature Themes, separately and in combination, you can identify your talents, build them into strengths, and enjoy personal and career success through consistent, near-perfect performance.

## Harmony

---

You look for areas of agreement. In your view there is little to be gained from conflict and friction, so you seek to hold them to a minimum. When you know that the people around you hold differing views, you try to find the common ground. You try to steer them away from confrontation and toward harmony. In fact, harmony is one of your guiding values. You can't quite believe how much time is wasted by people trying to impose their views on others. Wouldn't we all be more productive if we kept our opinions in check and instead looked for consensus and support? You believe we would, and you live by that belief. When others are sounding off about their goals, their claims, and their fervently held opinions, you hold your peace. When others strike out in a direction, you will willingly, in the service of harmony, modify your own objectives to merge with theirs (as long as their basic values do not clash with yours). When others start to argue about their pet theory or concept, you steer clear of the debate, preferring to talk about practical, down-to-earth matters on which you can all agree. In your view we are all in the same boat, and we need this boat to get where we are going. It is a good boat. There is no need to rock it just to show that you can.

## Achiever

---

Your Achiever theme helps explain your drive. Achiever describes a constant need for achievement. You feel as if every day starts at zero. By the end of the day you must achieve something tangible in order to feel good about yourself. And by "every day" you mean every single day—workdays,

weekends, vacations. No matter how much you may feel you deserve a day of rest, if the day passes without some form of achievement, no matter how small, you will feel dissatisfied. You have an internal fire burning inside you. It pushes you to do more, to achieve more. After each accomplishment is reached, the fire dwindles for a moment, but very soon it rekindles itself, forcing you toward the next accomplishment. Your relentless need for achievement might not be logical. It might not even be focused. But it will always be with you. As an Achiever you must learn to live with this whisper of discontent. It does have its benefits. It brings you the energy you need to work long hours without burning out. It is the jolt you can always count on to get you started on new tasks, new challenges. It is the power supply that causes you to set the pace and define the levels of productivity for your work group. It is the theme that keeps you moving.

## Arranger

---

You are a conductor. When faced with a complex situation involving many factors, you enjoy managing all of the variables, aligning and realigning them until you are sure you have arranged them in the most productive configuration possible. In your mind there is nothing special about what you are doing. You are simply trying to figure out the best way to get things done. But others, lacking this theme, will be in awe of your ability. “How can you keep so many things in your head at once?” they will ask. “How can you stay so flexible, so willing to shelve well-laid plans in favor of some brand-new configuration that has just occurred to you?” But you cannot imagine behaving in any other way. You are a shining example of effective flexibility, whether you are changing travel schedules at the last minute because a better fare has popped up or mulling over just the right combination of people and resources to accomplish a new project. From the mundane to the complex, you are always looking for the perfect configuration. Of course, you are at your best in dynamic situations. Confronted with the unexpected, some complain that plans devised with such care cannot be changed, while others take refuge in the existing rules or procedures. You don’t do either. Instead, you jump into the confusion, devising new options, hunting for new paths of least resistance, and figuring out new partnerships—because, after all, there might just be a better way.

## Consistency

---

Balance is important to you. You are keenly aware of the need to treat people the same, no matter what their station in life, so you do not want to see the scales tipped too far in any one person’s favor. In your view this leads to selfishness and individualism. It leads to a world where some people gain an unfair advantage because of their connections or their background or their greasing of the wheels. This is truly offensive to you. You see yourself as a guardian against it. In direct contrast to this world of special favors, you believe that people function best in a consistent environment where the rules are clear and are applied to everyone equally. This is an environment where people know what is expected. It is predictable and evenhanded. It is fair. Here each person has an even chance to show his or her worth.

## Adaptability

---

You live in the moment. You don’t see the future as a fixed destination. Instead, you see it as a place that you create out of the choices that you make right now. And so you discover your future one

---

choice at a time. This doesn't mean that you don't have plans. You probably do. But this theme of Adaptability does enable you to respond willingly to the demands of the moment even if they pull you away from your plans. Unlike some, you don't resent sudden requests or unforeseen detours. You expect them. They are inevitable. Indeed, on some level you actually look forward to them. You are, at heart, a very flexible person who can stay productive when the demands of work are pulling you in many different directions at once.
